Arizona Report of Public Agency Performance on Preschool Transition

Indicator 12: Preschool Transition (In-by-3)

Percent of children referred by Arizona Early Intervention Program (AzEIP) prior to age 3 who were found eligible for Part B preschool services and who had an IEP developed and implemented by their third birthday.

Measurement

The data are reported by each school district in the Annual Special Education Data Collection. The percentages include children who were found eligible for special education and had an IEP developed and implemented prior to their 3rd birthday, and children who were found not eligible by their 3rd birthday.

Data

The data are from school year 2008–2009.

A school district is listed with an asterisk (*) when:

- The district had fewer than 10 children transition from AzEIP to Part B preschool services prior to age 3. In these instances, the data are not reported to ensure confidentiality;
- The district reported no children transitioning from AzEIP during the current reporting year.

State Target: 100%

State Results: 93%
